Members of the Board are elected from the seven (7) sub-districts, as provided by state law. Each of the seven (7) sub-districts must be represented by a person who resides in the sub-district represented. Partner Districts within the area served by Special School District may not be divided in establishing sub-districts. By September 1 of each year, Board of Education members whose seats are up for election the following year are encouraged to declare whether or not they intend to run for re-election.

The District will issue a procedure describing the process for public notice, application, interview, and election of Board members, as per state statute.
