

TECHNOLOGY USAGE

The District's technology exists for the primary purpose of enhancing the educational opportunities and achievement of District students and to ensure the efficiency of District operations.

The purpose of this policy is to facilitate appropriate access to District technology and to create a safe environment in which to use that technology. The Superintendent or designee is directed to create and regularly review regulations and procedures to implement this policy, to administer the technology program of the District, to regularly review those procedures to ensure they are current and effective, and to support its use by staff and students.

The Superintendent or designee will review and disseminate a procedure that allows students, employees or other users to request that the District review or adjust the content filter to allow access to a website or specific content.

Inventory and Disposal

The District will regularly inventory all District technology resources in accordance with the District's policies on inventory management. Technology resources that are no longer needed will be disposed of in accordance with law and District policies and procedures related to disposal of surplus property.
