Activities for A Diverse Classroom: Connecting Students. (2003)
Offers teachers a variety of classroom activities designed to build acceptance, belonging and friendship among all students.

Comprehensive new resource is filled with up-to-date information and practical strategies to help kids with attention deficits learn to control and change their own behaviors and build the academic, social, and personal skills necessary for success in school and in life.

All My Life's a Circle — Using the Tools: Circles, MAPS & PATH. Mary A. Falvey et al (1994)
Describes the tools that have been developed to successfully facilitate connections and eventual friendships between students with and without disabilities.

Grades 4-7. Comic book about navigating the promises and pitfalls of popularity. (192 pages)

Ages 5-9. Armond doesn’t want to go to Felicia’s birthday party. Parties are noisy, disorganized, and smelly—all things that are hard for a kid with Asperger’s. Worst of all is socializing with other kids. But with the support of Felicia and her mom, good friends who know how to help him, he not only gets through the party, but also has fun. When his mom picks him up, Armond admits the party was not easy, but he feels good that he faced the challenge—and that he’s a good friend.

Helpful guide for parents and teachers of children aged three to seven with Asperger Syndrome.

Grades 5-8. Designed for young people grades 5 through 8 for use with guidance from a helping adult. Written to be understood by these particular adolescents, "An Owner’s Manual" describes what Asperger Syndrome is and how it can affect daily life. (60 pages)

Designed for older adolescents (16+) for use with guidance from a helping adult. "An Owner’s Manual" describes what Asperger Syndrome is and how it can affect daily life and employment. (124 pages).

Adolescents. Social skills book with respectful, funny insights written "for Aspies by an Aspie." Includes illustrations, logic and practice sessions.

Provides need-to-know facts and sensitively yet honestly describes the more subtle social, emotional and safety issues surrounding dating, relationships and sex.
Attainment’s Social Standards at School: Instructor’s Guide. Judi & Tom Kinney (2005)
This book is comprised of fifty-three social skills that are involved in a typical school day.

Offers a new approach to developing not only social skills, but also relationships.

Ages 6-13. This book is much more than a book that teaches children about autism. It uses informative narrative and engaging activities to help them develop understanding, compassion, and appreciation for people different from themselves. (61 pages)

Practical educational resource to help teach the social rules of touch and personal space to children and teens with Autism Spectrum Disorder with the aim of keeping them safe and helping them to understand what are appropriate interactions in family, educational and community situations.

Showing how to use an individual’s strengths to address executive functioning weaknesses, this approach will also help to build a strong foundation for social and communication skills.

Ideas for improving social communication and self control.

Ages 4-8. When children are kind, courteous, and respectful, people enjoy being around them and reciprocate with the same behavior. This book helps kids understand the importance of showing politeness, speaking kindly, using basic courtesies (35 pages)

Be Your Child's Best Advocate. 100 Strategies for Children with Learning or Behavioral Issues. Peggy Schmidt
Helps parents understand and accept what is preventing their child from performing and interacting successfully in school and in social situations. This book is intended to be a voice of encouragement and direction to parents who have not yet found the courage for connections to get help and support for their child. Also contains guidelines for parents who want to improve their effectiveness in getting the right help for their child.

Offer parents an understanding into their kids' relationships with classmates.

Betty Stops the Bully. Lawrence E. Shapiro, PhD (2004)
Ages 8 and up. This book teaches children just what to do when confronted with a bully. The book also helps children who are bullies learn new social skills and encourages children who are bystanders to seek adult help. (44 pages)

Grades 5 and up. Teaches children on the autism spectrum how to understand and focus on the "whole" of a social situation rather than the sum of its parts. Recommended to be read along with a parent. (196 pages)

Through role playing, games, art activities, watching video clips, and using worksheets, quizzes, and charts, she shows busy educators, speech-language pathologists, and parents how to teach body language.

School Age. Strategies for being a good friend, not just to kids with autism, but everyone.
Provides a comprehensive model that incorporates the following five steps: assess social functioning, distinguish between skill acquisition and performance deficits, select intervention strategies, implement intervention, and evaluate and monitor progress.

Bullies and Victims explores the context of teasing and the power of relationships between children, as well as the roles of adults, schools, the media, and society at large.

Choosing To Be A GFF (Good Friend Forever). (DVD) (2014)
The voices of students with autism/ASD in 6th through 8th grade are the highlights of this 16-minute cutting-edge film.

Offers true stories and issues to ponder concerning friendships between people with disabilities and others in their community; shows how these circles cut across age groups, generations and races and how the hearts and world views of everyone can be enriched.

Cliques, Phonies & Other Baloney. Trevor Romain & Elizabeth Verdick. (2018)
Ages 8-13. Uses humor, fun cartoons, and kid-friendly language to explain what cliques are, why being phony is baloney, why true friends don’t exclude others online or in real life, what’s more important than popularity—and how to navigate it all.

Comic Strip Conversations. Carol Gray (1994)
An excellent communication-teaching tool offering illustrated interactions for students with autism and related disorders. These drawings help the student comprehend the exchange of information in a conversation

Provides concrete information on developing social skills and instructs readers on how to assess competency, develop programs, and create social skills curricula.

Culmination of the author's years of careful observations of friendships between seven pairs of children-each including a child with a moderate to severe disability-who are classmates in an inclusive elementary school.

Destination Friendship: Developing Social Skills for Individuals with Autism Spectrum Disorders or Other Social Challenges. Mary Benton, Carol Hollis, Kelly Mahler & Alice Womer. (2012)
Destination Friendship provides easy-to-use, research-based strategies and activities that support the development of friendship skills in children with ASD within an active and fun learning environment.

Ages 9 and up. While enjoying a good story, kids learn how to reflect upon themselves as they observe others; how to read body language and social cues; how to deal with bullies and loudmouths. (295 pages)

Dining & Social Skills for Adults & Teens. (DVD) (2015)
The instructional DVD covers all the basics of dining etiquette and table settings, from a casual breakfast to the most formal affair.
This comprehensive intervention guide and accompanying activities are easily adapted to develop a curriculum for both children who are verbal and those who use augmentative and alternative communication, and it can be implemented at home or in the classroom.

Ages 8-13. Full-color cartoons and kid-friendly text teach the basics of polite behavior in all kinds of situations—at home, at school, in the bathroom, on the phone, at the mall, and more.

Guidebook is an introduction to improving the communication of children with disabilities.

Grades K & Up. Friendly picture book explains in simple terms how to tell the difference between acceptable and inappropriate touch, helping children with special needs stay safe. (64 pages)

This evidence-based program is designed to help young people with autism spectrum disorders (ASDs) to cope with the challenges and confusion of the adolescent years.

Feeling Left Out. Kate Petty and Charlotte Firmin (1991)
Grades Pre-K -2. New to the neighborhood, Chris feels left out of various games and social events (10 pages)

Fitting In and Having Fun: Social Skills Training Video Series - Vol. 1 (DVD)
Provides information that can help children connect their own behavior to the responses they are receiving from their peers through "What They're Thinking" insight windows.

Fitting In and Having Fun: Social Skills Training Video Series - Vol. 2 - Moving on to Middle School (DVD)
Gives tips and advice on how students can handle the many new and complex situations that commonly arise in middle school.

Fitting In and Having Fun: Social Skills Video Modeling Series - Vol. 3 - Confident and in Control (DVD)
Provides information that can help children connect their own behavior to the responses they are receiving from their peers through "What They're Thinking" insight windows.

Fitting In and Having Fun: High School Life - Vol. 4 (DVD)
This video modeling DVD follows a teen named Jon as he learns to navigate high school by becoming more aware of the unspoken rules his teachers and peers expect him to know.

Young Adult. Takes a narrower look at challenging behavior with a particular focus on behaviors that can spell trouble for adolescents and young adults who have difficulty understanding and maintaining social boundaries. (47 pages)

A systematic plan for parents to help their kids acquire and sustain friendships

Peggy, John & Karen describe their personal search and exploration of five approaches to building the good life that Karen enjoys.
Ages 4-8. Shows that given the opportunity, children readily accept each other's differences. Emphasizes in a relaxed, natural way that even though some children may look different and have different abilities, all children like to do the same things (29 pages)

Provides a missing piece to what really matters for a child's healthy emotional development—"the friendship factor."

A description of the evolution of friendships and the Joshua Committee including Judith Snow, Marsha Forest, Jack Pearpoint and friends.

Getting from Me to We: How to Help Young Children Fit In and Make Friends. Shonna Tuck. (2015)
Helps parents understand the roots of these problems, which take hold at a very young age, and give their kids the foundational skills necessary to form connections and friendships

Ages 4-8. Sometimes it’s heard to tell someone that you are sad or happy, lonely or glad. This book enables children and adults to discuss feelings. (8 pages)

Teaches parents how to help their 5 to 12 year olds make friends and solve problems with other kids. Offers concrete help for teasing, bullying and meanness, both for the child who is picked on and the tormentor.

This book is a primer about the social mind in the workplace, but the concepts and strategies are equally applicable in all areas of life.

Teens. A dating and relationship guide that provides answers to questions that teens have about developing relationships with others. (129 pages)

Comprehensive, clear, easy guide to writing effective personalised Social Stories™ that give children social information, creating many benefits for them.

Workbook is designed for anyone interested in working or interacting with people who are deaf-blind, whether as a guide, facilitator, interpreter or friend.

Provides necessary yet often untaught information on a variety of topics related to getting a job, finding a mentor, networking, using agencies, interviewing, talking with supervisors, dealing with on-the-job-frustrations, understanding the social rules at work and many other topics.

Simple, no-nonsense advice on how to handle everyday occurrences that can be challenging for children on the autism spectrum.
This book offers practical suggestions and advice for how to teach and learn those subtle messages that most people seem to pick up almost automatically but that have to be directly taught to individuals with social-cognitive challenges.

A flexible array of materials built around a musical, which addresses the problems of exclusion, ridicule and violence and their solutions within school communities. Materials include: script, choral and string orchestra score, individual string and choral parts, classroom activity guide and CD.

How Can I Be A Good Friend to Someone With Autism / Choosing to Be A GFF (Good Friend Forever). (DVD) (2 films, 16 minutes each)
Grades K-5 & 6-8. Two films that promote autism awareness and acceptance by showing students what it is like for their peers with autism and how they can interact with them.

Ages 5-10. Dinosaur characters illustrate the value of friends, how to make friends, and how to be and not to be a good friend (31 pages)

How to Teach Life Skills to Kids with Autism or Asperger's. Jennife McIlwee Myers. (2010)
Shows you how to: create opportunities for children to learn in natural settings and situations; teach skills such as everyday domestic tasks, choosing appropriate attire, and being polite; help individuals on the spectrum develop good habits that will help them be more fit and healthy; improve time management skills such as punctuality and task-switching.

I Get It: Building Social Thinking and Reading Comprehension Though Book Chats. Audra Jensen. (2011)
Explains an organized teaching approach called Book Chat that uses children's literature, often picture books, to teach social thinking and improve reading comprehension

I Know How to Act. (DVD) (14 minutes)
Is a play within a play, featuring both students with special needs and typically developing peers acting out different social behaviors.

A congregational community is an ideal place to share and strengthen faith, form lasting relationships, and develop special gifts and talents. Too often, though, people with developmental and other disabilities lack the opportunities and supports to fully participate in the life of their faith community.

This book provides practical, hands-on strategies to teach social skills to children with high-functioning autism and Asperger Syndrome.

Explains use of 5-point scales to help students understand and control their emotional reactions to everyday events that might otherwise set in emotion escalating reactions.
The Incredible 5-Point Scale: The Significantly Improved and Expanded Second Edition; Assisting Students in Understanding Social Interactions and Controlling their Emotional Responses. Kari Dunn Buron & Mitzi Curtis. Includes refinements to the original scales, now considered "classics" in homes and classrooms across the country and abroad, as well as lots of new scales specifically designed for two groups of individuals: young children and those with more classic presentations of autism, including expanded use of the Anxiety Curve.

Inside Out: What Makes a Person with Social-Cognitive Deficits Tick? Michelle Garcia Winner (2002) Gives teaching techniques to help students identify their social deficits, leading to the acquisition of skills such as initiating conversations or activities, listening and attending, understanding abstract language, taking others’ perspectives, seeing the big picture and using humor

Intricate Minds: Understanding Classmates with Asperger Syndrome (DVD) (2005) (12 minutes) Through interviews with students who have Asperger Syndrome (AS), this video offers an inside look at how teenagers with AS act, think and feel -- and how they're routinely treated.

Intricate Minds II: Understanding Elementary School Classmates With Asperger Syndrome (DVD) (2006) (16 minutes) The program includes interviews with boys and girls aged 8 through 12 who describe what it’s like to have Asperger Syndrome.

Intricate Minds III: Understanding Elementary School Classmates Who Think Differently (DVD) (2006) (18 minutes) The program features interviews with boys and girls aged 8 through 12 who describe what it’s like to have conditions that make them act differently from their peers in school. They reveal some of the positive qualities classmates will find if they look past these “different” behaviors.

Introception the Eighth Sensory System: Practical Solutions for Improving Self-Regulation, Self-Awareness and Social Understanding. Kelly Mahler. (2017) Delivers an overview and describes the clear link between interoception and important skill areas such as self-awareness, self-regulation, problem solving, social intuition, perspective taking and more.

It’s So Much Work To Be Your Friend: Helping Children with Learning Disabilities Find Social Success. Richard Lavoie (book and DVD) (2005) (90 minutes) Rick Lavoie provides powerful strategies for teaching friendship skills in the classroom, the home front, and the community. Gain field-tested advice on how to help children work through daily social struggles and go from being picked on and isolated to becoming accepted and involves.

Jarvis Clutch- Social Spy. Mel Levine (2001) Ages 9-12. Learn about social cognition as Jarvis spies on himself and the students at his middle school. (198 pages)

Join In and Play: Learning to Get Along. Cheri J Meiners (2004) Ages 4-8. It’s fun to make friends and play with others, but it’s not always easy to do. You have to make an effort, and you have to know the rules—like ask before joining in, take turns, play fair, and be a good sport. (35 pages)

Kibbles Rockin’ Clubhouse: Expressing Yourself - vol 1 (DVD) (40 minutes) Preschool. Learn social skills through creative visuals, peer modeling and fun songs.

Kids with Down Syndrome: Staying Healthy and Making Friends. (DVD) (2008) (120 minutes) Brings parents and professionals from around the world together to give an up-to-date and comprehensive guide to the health and social challenges in the years from walking to adolescence.

This collection of ten fully illustrated stories explores friendship issues encountered by children with ASD aged 4 to 8 and looks at how they can be overcome successfully.

Let's Be Friends: A Workbook to Help Kids Learn Social Skills & Make Great Friends. Lawrence E Shapiro, PhD & Julia Holmes (2008)
40 simple, fun activities to teach kids to: find deep & lasting friendships; develop give-and-take relationships; cope with rejection & disappointment.

Guide to breaking down the abstract concepts that are involved with “intellectual empathy” and teach children with SCD to identify and respond to their own feelings as well as the feelings of others.

Making Friends is an Art. Julia Cook. (2012)
Grades K and up. Teaches kids of all ages how to practice the art of friendship and getting along with others. Included in the book are tips for parents and teachers on how to help children who feel left out and have trouble making friends. (32 pages)

Manners for the Real World: Basic Social Skills (DVD) (2008) (44 minutes)
Teens. Guide to the right manners and behaviors for common social situations, with straightforward instructions and clear demonstrations.

Grades 1-6. Temple steps away from the world of adults and talks directly to kids themselves, sharing her experiences living with and growing up with autism in kid-friendly language and colorfully illustrated stories and characters. 43 pages.

Mike's Crush for Families: Teaching Relationship Skills to Adolescents with Autism, Asperger's or Intellectual Disabilities. Nancy Nowell. (video) (2011)
Video and booklet designed to help adolescents understand the social signals and skills necessary to have healthy friendships and safe intimate relationships. (DVD)

Using case studies and a question and answer format this book shows parents and teachers what a typical child may confront daily with other children.

Movie Time Social Learning: Using Movies to Teach Social Thinking and Social Understanding. Anna Vagin, PhD.
Takes an activity many students already love—watching movies—and uses it as a springboard to study the intricacies of social interaction, the depth and range of emotions we experience in our lives, and the social expression that drives our interactions.

Ages 5-15. Teaches appropriate social behaviors, interactions, expectations and safety precautions with various peers and adults in their community.

Ages 5-12. Teaches appropriate behavior, peer interaction and the rules and rituals, all within a familiar elementary school setting.

Ages 2-6. Taking the form of short narratives, the stories in this book take children step-by-step through basic activities, such as brushing your teeth, taking a bath and getting used to new clothes. Also helps children to understand different experiences such as going to school, shopping and visiting the doctor. (150 pages)
This book offers professionals and parents a thorough and definitive program with forms, exercises and visual guides for students with Asperger’s Syndrome and High Functioning Autism related disorders.

Through fun skits, audience participation and presentations, this video offers ideas that will give the viewer easy-to-follow strategies to teach social skills and increase social awareness.

Nurturing Narratives: Coaching Comprehension & Creating Conversation. Lauren Franke & Christine Durbin
Story-based language intervention for children with language impairments that are complicated by other developmental disabilities.

Using plain language and simple graphics, the book is a collection of ideas collected from people with disabilities, their friends, families, neighbours and networks.

The Original Social Storybook. Carol Gray (1994)
Includes sections on stories about home, school, the community, social skills and writing your own stories.

Written for children and adults with autism by students in Mrs. Johnson's Psychology and Sociology classes at Jenison High School in Jenison, Michigan.

Our Friendship Rules. Peggy Moss & Dee Dee Tardif. (2011)
Ages 5 & Up. When Alexandra realizes what it feels like to lose her best friend, and sees the hurt she's caused, she knows she has to figure out a way to regain the relationship that's far more important to her than being invited to sit with the popular girls.

Text written by families who have experienced Asperger syndrome first-hand. They share their practical and original strategies for dealing with issues such as helping children to develop empathy and humor, maintaining friendships, and explaining their disorder to others.

Focus is on the every day, how to enable and support individuals on the autism spectrum to participate, to the maximum extent possible, in the community around them.

Offers an introduction to the basic principles, tools and techniques that comprise the Integrated Play Groups model.

Grades K-3. Teachers, parents, and kids alike will enjoy this imaginative story of how rising peer pressure feels, as they learn the skills necessary to triumph over this difficult issue. (30 pages)

Teens speak out with other teens and share thoughts on self-management, communication, medication, abilities and success. (160 pages)

A Place of Our Own. (DVD) (2008) (97 minutes)
Provides parents and child care providers with information to help young children develop social, emotional and cognitive skills.
Ages 8 & up. Offers a fun, creative and friendly approach to learning proper etiquette. (127 pages)

Please Stop Laughing at Me…One Woman’s Inspirational Story. Jodee Blanco (2003)
Tells how school became a frightening and painful place, where threats, humiliation, and assault were as much a part of her
daily experience as bubblegum and lip-gloss were for others. It is an unflinching look at what it means to be an outcast, how
even the most loving parents can get it wrong, why schools fail, and how bullying is both misunderstood and mishandled.

A Politically Incorrect Look at Evidence-based Practices and Teaching Social Skills: A Literature Review and
Discussion. Michelle Garcia Winner (2008)
Explores the complex development of our social intelligence and asks questions that challenge us to think more deeply about
how we define social skills and develop programs for students with social learning disabilities.

Possibilities, Disabilities & the Arts. Keri Bowers (DVD) (67 minutes)
Shows how we can use the arts to improve social and life skills, language, cognition, physical and emotional well-being, and
create potential career paths for those with special needs.

Text focuses on helping children learn the cognitive skills behind appropriate social behavior rather than teaching them a set
of specific behaviors to enact.

Gives the reader a sense of what it is like to be an adolescent with ADHD. Contains up-to-date information on how ADHD
affects the lives of adolescents at home, in school, in the workplace, and in social relationships.

Ages 3-7. Interactive activates, based on evidence-based best practices teach how Quinn learns the "ropes" of social
interactions at school. Includes poster and CD-ROM. (121 pages)

Quirky Kids: Understanding and Helping Your Child Who Doesn’t Fit In — When to Worry and When Not to
Provides the guidance that families with quirky children so desperately need.

This book offers direct, sense-making, step-by-step exercises that parents can do with their children to increase their social
skills and awareness.

Uses a combination of real-world examples and stories from adults and children with social anxiety disorder to show parents
and educators how to help children find a path through their fear and into social competence.

Book about positive social interaction behavior.

Resource provides over 220 illustrated activities to help young children feel good about themselves ... develop friendships ...
celebrate diversity ... and accept changes! For easy use, all activities include a specific purpose, materials and step-by-step
directions and are organized into six sections: Wonderful Me ... Friends, Friends, Friends ... Feelings & Emotions ... Same &
Different ... Changes ... Parent Pack.

Real Friends vs. the Other Kind: Middle School Confidential. Annie Fox. (2009)
Offers insider information on making friends, resolving disputes, and dealing with other common middle school
concerns—like gossip, exclusion, cyberbullying, crushes, peer pressure, and being there for friends who need help.
Activities can be undertaken independently, or with a teacher or therapist, and a full scheme for the evaluation of progress and objectives is included.

Designed for younger children, typically between the ages of two and eight, this comprehensive set of activities emphasizes foundation skills such as social referencing, regulating behavior, conversational reciprocity and synchronized actions.

Relationship series series II: Boyfriend/ Girlfriend. (DVD)
Video series of relationships for people with ID/DD (intellectual & developmental disabilities)

Teens. Offers powerful tools based in dialectical behavior therapy (DBT) to help you regulate your emotions so you can build better relationships with your parents, friends, and peers.

Grade 4-7. Twelve-year-old Catherine has conflicting feelings about her younger brother, David, who has autism. While she loves him, she is also embarrassed by his behavior and feels neglected by their parents. In an effort to keep life on an even keel, Catherine creates rules for him (It's okay to hug Mom but not the clerk at the video store). (200 pages)

Ages 8-18. Teaches social awareness, peer interaction, language interpretation and the unwritten rules of the upper grades by portraying current, real-life social situations.
Vol 1 - Structured Activities
Classroom, group work, PE class & locker room, personal hygiene, hallway.
Vol 2 - Unstructured Activities
Lockers, time management, social awareness, cafeteria, hanging out with friends.

This book offers parents a step-by-step guide to making and keeping friends for teens and young adults with social challenges such as those diagnosed with autism spectrum disorder, ADHD, bipolar, or other conditions.

Address Internet safety, romantic relationships, online vs. in-person interactions, and more, with a particular focus on adolescents and young adults who have communication and social skills difficulties.

Video self-modelling (VSM) is a proven and effective method for teaching new or more advanced skills and behaviours to people with autism. Explains the process of making self-modelling videos from start to finish.

This book is aimed at overcoming friendship barriers and the facilitation of friendships in inclusive environments.

Seven Steps to Improve Your Child’s Social Skills. Kristy Hagar, PhD. Et al (2006)
Seven step workbook to guide parents as they write about practical strategies to improve a child’s social development

Ages 4-8. Explains what sharing means and provides examples of different ways that two people can share what they both want, such as taking turns, dividing things, or playing together (35 pages)
This book is meant to inspire readers to think about how they can use video modeling by providing many real-life examples of students who have used and benefitted from watching videos to learn social skills, positive behaviors, and academics.

Parents of shy children worry, and with good reason. Shyness can interfere with a child's growth, development, school performance and social experiences. Offers solutions.

The Sixth Sense II. Carol Gray (2002)
Educates students on behaviors that might otherwise be misinterpreted as frightening, odd, or rude. The program focuses on "the sixth sense," the social sense which the non-autism spectrum disorder students have. Via activities and discussion formatted in the book, students discuss "what is it like to have sixth sense impairment?"

Skills to Pay the Bills: Mastering Soft Skills for Workplace Success. Office of Disability Employment Policy. (DVD & guidebook)
Created for youth development professionals as an introduction to workplace interpersonal and professional skills, the curriculum is targeted for youth ages 14 to 21 in both in-school and out-of-school environments.

SBM is a visual tool that displays abstract concepts through a flow chart to help those with social thinking challenges understand what behaviors are expected and unexpected in a way that makes sense to their way of thinking.

Uses scales as a way of explaining social and emotional concepts to individuals who have difficulty understanding such information but have a relative strength in understanding systems.

Social Fortune or Social Fate: A Social Thinking Graphic Novel Map for Social Quest Seekers. Pamela Crooke & Michelle Garcia Winner. (2011)
Ages 12-17. The core of the book consists of 10 social scenarios, each one scenario is played out through the lens of Social Fortune or Social Fate by demonstrating visually how a situation can change quickly based on how someone reacts within it. Every scenario begins with a mini-story told through a four pictured comic strip which then leads the protagonist to a decision making point. If the decision made leads to others feeling good and ultimately the character feeling good about him or herself, this will be represented as "social fortune." However, if the protagonist makes a decision that traps him/her and peers/adults in an uncomfortable or frustrating situation, this leads to "social fate." (82 pages)

Social Literacy: A Social Skills Seminar for Young Adults with ASDs, NLDs, and Social Anxiety. Mary Riggs Cohen. (2011)
Curriculum for high-functioning adults, designed to build a broad range of social skills through explicit instruction and coaching in order to find and keep a job, establish relationships, and participate fully in adult life.

Social Relationships and Peer Support (Teacher’s Guides to Inclusive Practices). Rachel Janney & Martha Snell
Book provides general and special educators, school principals, counselors, and related service staff with a bridge from inclusion research to inclusive practice, one subject at a time.

Ages 7-14. Gives easy-to-follow social rules accompanied by why and how we follow them. (131 pages)

Help students build the skills they need to interact effectively with others with 187 ready-to-use worksheets that teach students how to apply skills at home, at school, at work, among peers, and in the community.
Ages 7-12. 25 comics are designed to show children the expected and unexpected ways to behave in a variety of typical schools social situations. (106 pages)

Using the principles of Applied Behavior Analysis, the book takes teachers through motivating, prompting, shaping, modeling, and reinforcing social skills while playing the games and helping students learn to participate in other activities such as demonstrating the social skill in role plays and the natural environment.

A guide for anyone involved in setting up and running social skills groups.

Social Skills: Meeting and Greeting. onSpectrum. (33 minutes) (DVD)
Covers the basics of interacting with friends and acquaintances. Each skill is introduced by a child narrator and illustrated step by step. The skill is then reinforced by three vignettes which also model the skill.

Specifically geared toward older students. The Social Skills Picture Book for High School and Beyond offers a visual learning format. Photos of actual students engaging in a wide variety of social situations show, rather than tell, the right (and wrong) ways to interact in different circumstances

This book demonstrates through photographs nearly 30 social skills such as conversation, play, emotion management and empathy. It breaks down social skills into basic components.

Manual with tools that assesses and provides baseline social skills for autistic children.

Provides evidence-based strategies for enhancing social skills of children and adolescents who have Asperger Disorder and other forms of high-functioning autism.

Social Skills Training and Frustration Management. Dr. Jed Baker (DVD) (4.5 hours)
Dynamic and comprehensive presentation is extremely valuable to all family members and professionals working with individuals with autism spectrum disorders, attention deficit disorders, learning disabilities, mood and anxiety disorders, and other issues that impact social-emotional functioning.

Describes the inner workings of the social mind in the workplace and decodes the hidden rules of the social world by explaining how we think about our own, as well as other peoples thoughts and emotions.

Social Thinking Worksheets for Tweens and Teens: Learning to Read in Between the Social Lines. Michelle Garcia Winner (2011)
Ages 10-14. Worksheets to help students explore concepts such as learning about other's perspectives, problem solving, emotion regulation, coping with your inner boss and more. (189 pages)

Charts the month-by-month growth of the children's vocabulary, utterances, and use of grammatical structures.
Helps educators and parents teach the hidden rules of social behavior to children, ages 8-13, with limited social skills.

Socially Curious and Curiously Social. Michelle Garcia Winner & Pamela Crooke (2009)
Teens. This anime-illustrated guidebook is written for teens and young adults to learn how the social mind is expected to work in order to effectively relate to others at school, at work, in the community and even at home. (209 pages)

This organizational tool teaches the IDEAL model: Introduce an activity, Determine the tasks involved, Evaluate your expectations, Accommodate for success, List the activity components visually.

Realistic perspective on work-related expectations and the expectations of the supervisors who hire them. It will help students develop their problem solving skills, guide them in making appropriate decisions, and create a desire to plan out goals and achieve them.

Special Kids Learning Series: Let's Go To...Speech & Skills Development Video Modeling Program. (DVD) (2006) (30 minutes)
School Age. There are lots of places to go in a day. Join John and learn what happens and how you behave wherever you go.

Ages 3-7. This book teaches young children the value of noticing how other people feel.

Straight Talk About Peer Pressure. (DVD) (14 minutes)
Grades 6-8. Helps middle school students learn how to navigate through peer situations which conflict with feelings and values.

Successful Problem-Solving for High-Functioning Students with Autism Spectrum Disorders. Kerry Mataya & Penny Owens (2013)
Teaches how to integrate the book's problem-solving chart into classrooms, homes, and social skills groups to help individuals with ASD to learn to problem solve effectively.

Successful Social Articles into Adulthood: Growing Up with Social Stories. Dr. Siobhan Timmins. (2018)
The first book on using Social Stories™ with young adults focuses on developing a social understanding around some of the most common issues faced by autistic young adults, including applying for a job, looking after physical and mental health, and staying safe in a new home.

Successful Social Stories for Young Children: Growing Up with Social Stories. Dr Siobhan Timmins (2016)
Introduces ways of thinking about the issues your child finds difficult, and includes 32 stories created by Dr Siobhan Timmins for her son during his early years, with helpful explanations of how she did it, and what the underlying thinking was behind each set of stories.

SUPERFLEX...A Superhero Social Thinking Curriculum. Stephanie Madrigal & Michelle Garcia Winner. (2008)
Through this comic book and curriculum, students are encourage to think about thinking and what they can to self-regulate some of their own wayward thoughts and behaviors. (Book and comic book)
