

Pattonville School District

What is your current status? What structures are in place in our schools/district for us to share responsibility for student literacy and numeracy achievement?

- Strong, collaborative partnership with Special School District
- Shared responsibility for student achievement in literacy, numeracy and social emotional learning
- Collaborative Care Team processes for Tiers 2 and 3
- Data Teams and CI3T Teams
- Monthly Area Coordinator / Principal meetings
- Building and Area Leadership
- Professional Development
- Personalized Classroom Learning
 - Discovery Education Program
 - Visit to Wisconsin to work with Administrators already implementing them.
- Crisis and Response Teams, NCI training
- 504 Plan collaboration
- Administrative trip
- Collaborative planning initiatives

How do building/district leaders support literacy, numeracy and social emotional instruction across the curriculum and for all students?

- Targeted, ongoing professional development and coaching aligned with district goals
- Curriculum reviews with stakeholders
- ALT program reviews ensuring targeted, effective instruction, aligned with standards and developed around evidence-based principles
- Professional Development
- Targeted staff observation and support
- Determine instructional needs through district review process
- Time for discussion on instructional practices and data review

What supports are in place to sustain evidence-based practices in literacy, numeracy and social emotional development?

- Comprehensive district PD and building PD plans with follow-up coaching
- Teacher instructional specialist support
- Data Teams
- Evidence-based practices are a focus during teacher evaluations

How does our school/district provide support for all teachers to ensure professional growth in literacy, numeracy and social emotional development?

- Professional Development and Coaching
- Building, department and grade level collaboration time
- Professional growth opportunities
- Professional development committee representatives to voice teacher needs and concerns

How do we ensure our written/taught/learned curriculum is aligned to the Missouri Learning Standards expectations? What collaborative structures do we have in place to ensure Missouri Learning Standards expectations are the foundation of the written curriculum?

- Build Your Own Curriculum (BYOC) is updated and reviewed regularly
- As the district moves toward personalized learning, progressions which are aligned to the Missouri Learning Standards are being developed for all instructional focus areas

How do we ensure instruction within the comprehensive literacy, numeracy and social emotional curriculum meets the needs of each student?

- STAR benchmark Data and State Performance Data
- Formative and Summative assessment data
- Universally utilized progress monitoring assessment data
- Monitoring occurs at the building level through
 - Grade Level meetings
 - Department team meetings
 - Care team meetings
 - Student problem solving meetings
 - Data team meetings
 - SEB case review meetings

How have we developed an effective and coherent assessment system in our classrooms/buildings/district?

• Staff Training on delivery and score interpretation

How do we use ongoing classroom formative and summative assessments, district benchmarks and state-required assessments?

- Provide direction to teachers for student need and instructional adjustment using Continuous Classroom Improvement (CCI) practices
- Help guide instructional decisions
- Guide IEP programming decisions
- Guide strategic planning for goals on literacy, numeracy and social emotional learning while establishing priority *areas*

How do we determine which assessments to use in our classrooms/ buildings/district?

- Assessments are teacher-driven and aligned to instructional units and lessons
- Assessment audit process reviews assessment plans annually

How do we help all educators become assessment literate?

- Teacher training on purpose, implementation and results of assessments
- Assessment Coaches
- Fast Bridge Super-users (colleague support)
- Data Team leader who supports teachers in utilizing and interpreting data

How do our programs and practices engage families/partners in literacy, numeracy, and social emotional development?

- Families are included in Strategic and district planning
- Care Team
- Evaluations / IEP Processes
- Connections fostered with Parent Education and Diversity Awareness (PEDA) administrators and Family Resource Center at SSD

Definitions

- Reading / Literacy Tier One
 - Academic language (vocabulary; inferencing; narrative language);
 - Phonemic Awareness (K-2 until mastered);
 - Phonics; (including advanced phonics);
 - Sight Words; reading connective text (accuracy, fluency, comprehension);
 - Comprehension skills should include activating prior knowledge, predicting, questioning, clarifying or questioning and monitoring; inferencing; retelling and summarizing; identifying and using organizational text structure and encoding of how language works.
 - Assessments: Universal screenings to see who may be at risk and monitor progress on grade level, differentiated instruction based on results; benchmarking suggested at least 3 times per year.

• Reading/Literacy Tier Two:

- Provide intensive, systematic instruction on up to three foundational reading skills in small groups to students who score below the benchmark on universal screening. Typically, these groups meet between three and five times a week for 20–40 minutes Should be very focused on explicit instruction of foundational skills
- Assessment: progress monitor at least monthly to determine progress and need

Reading/Literacy Tier Three:

 Provide intensive instruction daily that promotes the development of various components of reading proficiency to students who show minimal progress after reasonable time in tier 2 small group instruction (increase frequency or intensity from tier 2) Assessment: progress monitor weekly

Priority Standards for K - 8: Reading / Literacy / Writing

- 1) Explore, analyze, and evaluate grade-level works from a range of literary genres.
- 2) Clearly communicate in a range of styles and for different audiences and purposes. Create and support ideas by synthesizing information from multiple appropriate, credible sources.
- 3) Collaborate and communicate with others using appropriate listening and speaking skills.

Priority Standards for 9-12: Reading / Literacy / Writing

The district is in the process of identifying the Priority Standards but is utilizing the Missouri Learning Standards for ELA 9-12.

Math / Numeracy

Definitions

Math Tier One

- Academic language (vocabulary) instruction in whole numbers, fractions, ratios, proportions and word problems.
- Assessments: universal screenings to see who may be at risk and monitor progress on grade level -differentiated instruction based on results;
- o Benchmarking suggested at least 3 times per year.

Math Tier Two:

 Provide intensive, explicit, systematic instruction in small groups to students who score below the benchmark on universal screening.

- Typically, these groups meet between three and five times a week for 20– 40 minutes.
- Should be very focused on explicit instruction of foundational skills such as models of proficient problem solving, verbalization of thought process, guided practice, corrective feedback and calmative review
- Assessment: progress monitor at least monthly to determine progress and need

Math Tier Three:

 Provide intensive instruction daily that promotes the development of various components of math proficiency to students who show minimal progress after reasonable time in tier 2 small group instruction (increase frequency or intensity from tier 2) Assessment: progress monitor weekly

Priority Standards for K - 8: Numeracy / Math

- 1) Reason and model quantitatively, using units and a number system to help make sense of the real world.
- 2) Strategically use tools and apply reasoning and precision to solve problems.
- 3) Use a variety of data analysis and statistics strategies to analyze, develop, compare and evaluate inferences based on data.
- 4) Make claims about relationships among numbers, shapes, symbols, and data and defend those claims by relying on the properties that are the structure of mathematics.
- 5) Make sound predictions and generalizations based on an understanding of patterns and relationships that arise from numbers, shapes, symbols, and data.

Priority Standards for 9 - 12: Numeracy / Math

The district is in the process of identifying the Priority Standards but is utilizing the Missouri Learning Standards for 9-12 Math.
